

The proposal offers up to 80 new 1, 2, 3, and 4-bedroom homes, including 30% affordable homes, supporting local people, especially young families, in securing attractive housing.

A pedestrian crossing on Lewes Road, will improve safety and connectivity.

Illustrative play area at western end of site

Extending the 30 mph speed limit along Lewes Road, subject to County Council highways officers approval.

Construction will create local job opportunities throughout the project.

Preserving trees and hedgerows, along with new landscaping, will protect the amenity of existing neighbours and enhance the site's boundaries.

Miller Homes and its team thank you for visiting this online exhibition. After the exhibition closes on 30th November, the team will review all feedback as part of the proposal's ongoing development.
